

Chicksands

8 & 9th July

VALHALLA SHOW

I have still to arrange the final details of the show with the Squadron Leader and will then prepare full details & map for sending out to other groups but thought I would put what I know so far in the Flyer. This way everyone in Valhalla should at least know where to be and when.

Sat 8th July There will be an afternoon of American Football following which we are required to perform a 30 min show on the pitch

Time: 4.30p.m.
Place: Fete Main Arena

We must have a minimum of 30 combatants to fulfill our contractual obligations so please could everyone be there well before this time. We are camping on the base and even with the security passes I will be given, it could take time to get through the gates so please don't leave it to the last minute. Chicksands is not a flying base so you will not be sleeping by a runway. I will sort out with the Sqdn Ldr where we will be allowed access to - particularly with regard to the bars which are both cheap & not limited to English opening hours.

Also we will require a script - this seems like an excellent way for Roger to pass those long, lonely nights while on exercise.

Sunday 9th July

25-30 min scripted show

20 min display of combat techniques

Times: To be arranged
Place: Fete Main Arena

Living History Display

Time: 12.00 a.m. - 6.00 p.m.

Combat - again we have promised a minimum of 30 combatants but I think we will need a lot more to fill the field so please invite anyone you can think of. We will need a script for this one too, Roger. Also a volunteer to do the P.A. (unfortunately my northern accent is too strong for Americans to understand me).

Living History - Canterbury & Phil Burthem have promised to help with tents & some props. Please can we have all the tents, cauldrens, looms etc. which are owned by the group or by individuals & invite anyone along who owns equipment or has a craft skill. With a £300 pay out we can pay petrol costs if it means them bringing extra transport. Also will all Valhalla combatants please spend at least part of the day

in the village, even if all you do is lie in the sun and winge about the Saxons.

Sid.
