

A decorative border of dragon carvings surrounds the central text. The dragons are depicted in various poses, some with wings spread, and are carved in a detailed, wood-carved style. The border is composed of repeating rectangular panels, each containing a different dragon carving.

To All Members,

Be it known to all members that from this 1st day of January 1982 Peter "Wings" Dawson, last heard of in Lewes, due to various acts of an untrustworthy nature, one of which was the breaking of guest-haw at a fellow viking's abode, is declared DISMISSED

from The Norse Film and Pageant Society. He is no longer to be welcomed at our Portals. By Ragnar's Authority and by my hand this day.

Terry Wamen
