Worthy "Rodger,"

Thanks very much for your letter, sorry I haven't been able to answer it before but I've been tied up.

Anyway, I think my lads are coming up for Yule, so I'll be able to see them then about your practices. Actually, they live at Teddington, W/sex (now at Bournemouth, Dorset) he moved last month, Crawley - W. Sussex, Watford, & wherever Andy lives now. I haven't heard from him since Berwick but he said he was going down Potters Bar way (there's another change of address form I'll have to write!)

I may be coming to Aldershot for my course in Feb. the bid is in but hasn't been confirmed yet, so I'll let you know in good time. We normally get the middle w/end free but only time will tell.

You will notice my correct address on the letterhead, how it got to me was a wonder, but still it did.

Love untill later,

May the Vanir guard your hearth

Sax Heil

Allan
